COBRA SYSTEMS PITOT STATIC TEST EQUIPMENT

Cobra Systems, Inc. is the leading American producer of Pitot/Static Adapters, Pitot Static Test Equipment and associated parts and services, serving the world's Commercial, Corporate and Military Aircraft. Cobra's Technological excellence, supported by a continuous improvement process has been the foundation of their ability to provide quality products and extraordinary customer support.

Aerotechnic is now happy to assist you with your pitot/static needs for your **FAR 91.411 and 91.413 tests**.

1. CORE SERVICES

- **ACCESSORY KITS**, composed of:
 - ✓ Pitot/Static Adapters.
 - ✓ Test Adapter Probe.
 - ✓ Pitot/Static Hose Assembly.
 - ✓ Pitot/Static System Control Console:
 - It contains all necessary inlets and outlets required to connect the test set to the adapters on the aircraft using the supplied hoses.
 - ✓ Seal Kits (for pitot and static).
- **PITOT/STATIC TEST BOXES.**
- **PITOT COVERS, AOA COVERS, TAT COVERS, ID COVERS.**
- **SEAL AND SPACERS, LOW AND HIGH TEMP.**
- **TEST BOX CALIBRATION.**
- **ADAPTER OVERHAUL AND INSTRUMENT REPAIR.**

2. TEST SETS

➤ NEW PITOT/STATIC TEST SET.

The AD450E-1 pitot/static test set is a complete tester designed to perform leak checks, and instrument calibration for all aircraft. Vacuum and pressure are provided by an internal electric pump.

Meets all FAR's vacuum pressure and test requirements:

- 50,000ft Altimeter, 650Kt Airspeed, VSI.
- Light weight design, 28lbs.
- 28lbs Manual or Electric operation.

Pitot/Static Test Set

- **Stockist and Distributor** of aircraft spare parts for commercial aircraft in the civil and military aerospace industry.
- Commercial **Representation** of leading Manufacturers.
- **Follow-up** of components under repair.

Our **Quality Management System** is developed and implemented to comply with requirements of:

- ISO9001
- FAA AC00-56
